

II World Alfalfa Congress
November, 11th to 14th, 2018.
Córdoba, Argentina

Córdoba, May 3rd, 2018.

Dear **Haijun Yan**,

We are addressing you regarding the **2nd World Alfalfa Congress**, which –as you know- will be held on November 11th to 14th, 2018, at the Holiday Inn Hotel in Córdoba, Argentina.

It is our pleasure to formally invite you to participate as an Invited Speaker for Session II: “Increasing Water Use Efficiency in Alfalfa Production”. In accordance to the suggestion from Dr. Daniel Putnam, the Session Chair, the topic of your presentation is ***Irrigation Research on Yield and Quality in China***. Your **15-minute talk** must be in **English** and it should follow a **Power Point Format**.

You are required to submit by **no later than August 31st** the **abstract** of your presentation. Please find attached the guidelines for writing the abstract. The Organizing Committee will certainly appreciate your fulfilment regarding this deadline in order to facilitate not only the conformation of the Proceedings but also the task of the interpreters during the sessions.

We are confident that your participation will very much enrich the scientific program and therefore make a significant contribution to the success of the meetings. It would be an honour to count on your presence.

As a special guest, the Organizing Committee will cover your meals and registration fee, which includes access to the scientific presentations (two days), banquet dinner (November 13th), proceedings and the field tour (last day).

Should you have any doubts, please do not hesitate to contact us.

We strongly hope that you may accept this invitation and look forward to a positive reply from you. Thank you so much in advance.

Sincerely

Dr. Daniel Basigalup
President
